Willkommen

Willkommen zum 4. Luxembourg Polo International!

Als Sportminister bin ich an diesjährigem internationalem Polo Turnier in Luxemburg natürlich besonders interessiert und bedanke mich herzlichst bei den Verantwortlichen, dass sie mich um diesen Beitrag gebeten haben.

Einmal mehr wird mir die Gelegenheit geboten, einen dynamischen Sportklub zur Organisation eines hervorragenden Sportturniers zu beglückwünschen. Polo steht für Stärke und Kraft verbunden mit einer gewissen Eleganz, körperlichen Hochleistungen, und dem Gefühl für den Ball. Dies ist sicherlich eine faszinierende Kombination von Geschwindigkeit und Erstklassigkeit, und es erfreut mich sehr dass der „Polo Club Luxembourg“ erneut die glückliche Initiative ergriffen hat um dieses Aufsehen erregende Sportturnier zu organisieren. Ein großer Anlass bietet sich dieses Jahr in Luxemburg-Merl, um sich von diesem außergewöhnlichen Sport faszinieren zu lassen.

Da dieser Sport in Luxemburg noch relativ jung ist erfreut es mich umso mehr dass nun schon das 4. Internationale Turnier stattfindet. Ich begrüße stets die Entwicklung neuer Sportarten in unserem Großherzogtum, und bin positiv überrascht über die enorme Anzahl von Teilnehmern aus dem In- und Ausland. In diesem Sinne begrüße ich alle Teilnehmer, die aus dem Ausland mit ihren Teams anreisen, ganz herzlich, und wünsche ihnen einen schönen Aufenthalt in Luxemburg.

Ich gratuliere den Organisatoren für ihre hervorragende Arbeit und hoffe dass dieses große sportliche Ereignis zum regelrechten Erfolg wird. Wie auch im letzten Jahr möchte ich meine Freude über die Unterstützung des Hilfsprojektes „Des Villages et des Hommes“ durch einen Teil der Einnahmen ausdrücken.

Ich bin überzeugt dass diese aufregende Sportart ein großes Publikum begeistern wird. Schlussfolgernd möchte ich den Veranstaltern alles Gute wünschen und möge die diesjährige Ausgabe des Turniers den Erfolg haben den sie verdient!

Romain Schneider
Sportminister / Luxembourgish Minister of Sports

LE GOUVERNEMENT
DU GRAND-DUCHÉ DE LUXEMBOURG

Bienvenue!

Bienvenue au 4^eme Luxembourg Polo International!

En cette année 2016, le Polo Club Luxembourg organise la 4^e édition du Tournoi de Polo International qui aura lieu du 8 au 10 juillet sur le terrain « Écurie de la Pétrusse » du Polo Club Merl. Le jeu de polo a été inventé au premier siècle avant Jésus Christ au sein de l'Empire Perse et fut repris et popularisé par son voisin, l'Empire Byzantin. Au cours du temps, ce sport à cheval a su enthousiasmer le monde entier.

Ce n'est qu'en 2004 que le Polo Club Luxembourg est fondé sous la présidence d'André Mailliet. La même année, les membres fondateurs ont assisté aux premiers matchs de polo lors de la finale du championnat du monde. Six ans plus tard, le nombre de joueurs de polo luxembourgeois a augmenté considérablement et en 2010 la Fédération Luxembourgeoise de Polo, affiliée à la Fédération Internationale de Polo, est fondée.

Pour la quatrième fois déjà, les pelouses du Polo Club Merl accueillent l'un des tournois les plus spectaculaires du calendrier sportif luxembourgeois voire européen. Le Polo présuppose une excellente agilité et une parfaite maîtrise de soi. Ce sport demande au cavalier un énorme savoir-faire et un maniement extrêmement précis et intuitif de son cheval.

En tant que bourgmestre de la Ville de Luxembourg, je suis heureuse de compter parmi les nombreuses activités sportives également un sport hors du commun et c'est avec grand plaisir que j'ai constaté que le Polo Club Luxembourg s'engage aussi dans le domaine des jeunes. Les jeunes cavaliers apprennent ainsi très tôt à développer un esprit d'équipe et à prendre soin de leur partenaire à quatre pattes.

Au nom du collègue échevinal, je tiens à féliciter le comité d'organisation du 4^e tournoi de Polo International d'avoir pris l'initiative de mettre sur pied ce tournoi d'envergure, qui d'année en année n'a pas cessé d'accroître son succès. Je suis convaincue que l'édition 2016 de ce tournoi saura attirer d'un côté de nombreux adeptes du sport équestre et de l'autre côté beaucoup de curieux, avides de découvrir tous les secrets du polo.

Que les meilleures équipes remportent la victoire !

Welcome!

We welcome the polo family in Luxembourg!

There are three things that motivate us to spend an enormous time in organizing an international polo tournament here in Luxembourg:

- **We love to host polo players from outside Luxembourg at our Club.** It is such great fun to travel around and play polo for a weekend at other clubs in our neighbouring countries. With inviting friends from those tournaments we can give back.
- **We love to show Luxembourg people that polo is a great sport,** fun for players on the field, but also fun for all others to enjoy the entertainment, to enjoy the nature, and to enjoy great people. Everybody can start playing polo. Get going with „Stick & Ball“ training; soon you can start playing matches. Then tournaments. Then travelling to play tournaments outside one's home Club. Fun increases with each level exponentially. At the same time Polo is a family sport. Women and men play together, young and those who feel young. I personally play together with my wife and my son, this allows us to do sports together. This fascinates me each weekend again.
- **We love to play good polo.** During the weekend you will see **32** players from more than **10** countries, with approximately **80** polo horses, playing **11** polo matches. It is going to be great fun and we can't wait that it starts.

Please, everybody enjoy yourself, play fair, find out about polo and get on your saddles!

The Luxembourg Polo International is the highlight of the tournaments of our Club. But it is also a huge amount of work to organize. I thank from all my heart everybody who has helped to organize this tournament. You all did a fantastic job. Thank you!

The rules of Polo

Two teams of four riders compete in a field defined by planks nailed to the ground. The players must hit the ball with a mallet held in their right hand, while the left hand holds the reins and whip. The objective is to score goals on the opposing side at any height. There is no goalkeeper. After each goal, the teams change sides of the playing field and the ball is thrown in at the center of the field. The games are monitored by two referees on horseback and one judge on the side of the field. Each game is played in 4 periods, called chukkers that last 7.5 minutes each. If in the last 30 seconds of a period the ball goes out of bounds, touches a plank, a penalty takes place or a goal is scored the chukker is immediately finished. Other than if there is a goal at the end of the period before, the next period starts where the preceding one ended.

Fouls & prohibited moves

The player cannot block the line of the ball when it is in motion; this is to avoid collisions between the horses. If they do block this line, it is considered a foul. However, they can hook their mallets or push the opposing team's player out of their chosen line so that the direction of the ball changes. They can go next to the player hitting the ball to hit in the opposite direction. When a foul is called for a violent move (e.g. mallet between or in front of a horse's legs, line of the ball blocked, etc.), a penalty is granted. Penalties allow the other team to hit the ball from the middle of the field, 60, 40 or 30 yards from the goal depending on the severity of the foul.

Roles of the players

Each player has a handicap rating: on a scale of -2 to 10 "goals", +10 being the highest level. The team's handicap is calculated by adding up the total of its players' handicap ratings. In the Luxembourg Polo International tournament the teams have a handicap that goes from 0 up to +2 goals. It is possible that a team could start a match with a ½ or 1 point advantage. This is to even out the handicap if one team is rated higher than the other team.

Each player in a team has its certain role. The numbers 3 and 4 are usually playing in the back, in a rather defending manner. Number 3 is the game maker, he/she engages the ball and distributes it to the most ideal positioned front player. The numbers 1 and 2 are usually playing in the front, receiving the ball from the game maker and heading towards the goal.

Dogs must be kept under control.
